

Name _____ Lab section: _____

MICROSCOPE SKILLS QUIZ

Your instructor will inform you of what slide to use and what magnification is needed for the quiz.

Students that break the microscope slide or damage their microscope during the quiz will automatically get a 0.

Note: Depending on the point distribution in your particular lab your instructor may have this either as a 10 or 20 point activity.

Set up (5-minute time limit):

	Points 20 point quiz	10 point quiz
Stage lowered and 4x objective in place before adding slide	2	1
Slide placed correctly on the stage	1	.5
Used coarse focus only with 4x objective	4	2
Correct object fully in field of view and in focus	4	2
Finished on designated lens/Used correct objective lens	1	.5
Did not skip a lens when working through process	2	1
<i>Take down:</i>		
Rotated 4x objective in place before removing slide	2	1
Lowered stage fully before removing slide	2	1
Slide returned neatly to slide box	1	.5
