

Bio 135 lab Vessels.

Students will be given a guided exercise which will help identify and build some of the vessels below. They will be responsible for completing all vessels remaining on this list.

Students will build the following Arteries in Red clay. Alternatively students will be responsible for learning these vessels on the models and images provided.

The abdominal aorta
The common iliac artery
The internal iliac
The external iliac
The femoral artery
The popliteal artery
The anterior and posterior tibial arteries
The common carotid
The external carotid
The subclavian artery
Axillary artery
Brachial Artery
Cubital Artery
Radial and Ulnar arteries

In blue clay the following Veins

External Jugular
Brachiocephalic
Subclavian
Axillary
Cephalic
Brachial
Inferior Vena Cava (abdominal)
Common iliac
External iliac
Femoral
